IC 36-8-7.5-1.5

Qualification of 1953 fund under Internal Revenue Code; benefit limitations

Sec. 1.5. (a) As used in this chapter, "Internal Revenue Code":

(1) means the Internal Revenue Code of 1954, as in effect on September 1, 1974, if permitted with respect to governmental plans; or

(2) to the extent not inconsistent with subdivision (1), has the meaning set forth in IC 6-3-1-11.

(b) The 1953 fund shall satisfy the qualification requirements in Section 401 of the Internal Revenue Code, as applicable to the 1953 fund. In order to meet those requirements, the 1953 fund is subject to the following provisions, notwithstanding any other provision of this chapter:

(1) The local board shall distribute the corpus and income of the 1953 fund to members and their beneficiaries in accordance with this chapter.

(2) No part of the corpus or income of the 1953 fund may be used or diverted to any purpose other than the exclusive benefit of the members and their beneficiaries.

(3) Forfeitures arising from severance of employment, death, or for any other reason may not be applied to increase the benefits any member would otherwise receive under this chapter.

(4) If the 1953 fund is terminated, or if all contributions to the 1953 fund are completely discontinued, the rights of each affected member to the benefits accrued at the date of the termination or discontinuance, to the extent then funded, are nonforfeitable.

(5) All benefits paid from the 1953 fund shall be distributed in accordance with the requirements of Section 401(a)(9) of the Internal Revenue Code and the regulations under that section. In order to meet those requirements, the 1953 fund is subject to the following provisions:

(A) The life expectancy of a member, the member's spouse, or the member's beneficiary shall not be recalculated after the initial determination, for purposes of determining

benefits.

(B) If a member dies before the distribution of the member's benefits has begun, distributions to beneficiaries must begin no later than December 31 of the calendar year immediately following the calendar year in which the member died.

(C) The amount of an annuity paid to a member's beneficiary may not exceed the maximum determined under the incidental death benefit requirement of the Internal Revenue Code.

(6) The local board may not:

(A) determine eligibility for benefits;

(B) compute rates of contribution; or

(C) compute benefits of members or beneficiaries;

in a manner that discriminates in favor of members who are considered officers, supervisors, or highly compensated, as prohibited under Section 401(a)(4) of the Internal Revenue Code.

(7) Benefits paid under this chapter may not exceed the maximum benefit specified by Section 415 of the Internal Revenue Code.

(8) The salary taken into account under this chapter may not exceed the applicable amount under Section 401(a)(17) of the Internal Revenue Code.

(9) The local board may not engage in a transaction prohibited by Section 503(b) of the Internal Revenue Code.

(c) Notwithstanding any other provision of this chapter, and solely for the purposes of the benefits provided under this chapter, the benefit limitations of Section 415 of the Internal Revenue Code shall be determined by applying the provisions of Section 415(b)(10) of the Internal Revenue Code, as amended by the Technical and Miscellaneous Revenue Act of 1988. This section constitutes an election under Section 415(b)(10)(C) of the Internal Revenue Code to have Section 415(b) of the Internal Revenue Code, other than Section 415(b)(2)(G) of the Internal Revenue Code, applied without regard to Section 415(b)(2)(F) of the Internal Revenue Code to anyone who did not first become a participant before January 1, 1990.

(2) From money, fees, and awards of every nature that are given to the police department of the municipality or to a member of the department because of service or duty performed by the department or a member. This includes fines imposed by the safety board against a member of the department, all money from gambling cases and from gambling devices as well as the proceeds from the sale of lost, stolen, and confiscated property recovered or taken into possession by members of the police department in the performance of their duties and confiscated by court order, and sold at a public sale in accordance with law.

(3) From an assessment made during the period of his employment or for thirty-two (32) years, whichever is shorter, on the salary of each member whom the local board has accepted and designated as a beneficiary of the 1953 fund, an amount equal to six percent (6%) of the salary of a first class patrolman. However, the employer may pay all or a part of the assessment for the member.

(4) From the income from investments of the 1953 fund.

(5) From the proceeds of a tax levied by the police special service district upon taxable property in the district, which the treasurer shall collect and credit to the 1953 fund, to be used exclusively by the 1953 fund.

Insufficient pension fund; estimates; statement; tax levy

Sec. 10. (a) If the local board determines that the total amount of money available for a year will be insufficient to pay the benefits, pensions, and retirement allowances the local board is obligated to pay under this chapter, the local board shall, before the date on which the budget of the police special service district is adopted, prepare an itemized estimate in the form prescribed by the state board of accounts of the amount of money that will be receipted into and disbursed from the 1953 fund during the next fiscal year. The estimated receipts consist of the items enumerated in section 8 of this chapter. The estimated disbursements consist of an estimate of the amount of money that will be needed by the local board during the next fiscal year to defray the expenses and obligations incurred and that will be incurred by the local board in making the payments prescribed by this chapter to retired members, to members who are eligible and expect to retire during the ensuing fiscal year, and to the dependents of deceased members.

(b) At the time when the estimates are prepared and submitted, the local board shall also prepare and submit a certified statement showing:

- (1) the estimated number of beneficiaries from the 1953 fund during the ensuing fiscal year in each of the various classifications of beneficiaries as prescribed in this chapter, and the names and amount of benefits being paid to those actively on the list of beneficiaries at that time;
- (2) the name, age, and length of service of each member of the

police department who is eligible to and expects to retire during the ensuing fiscal year, and the monthly and yearly amounts of the payment that the member will be entitled to receive; and (3) the name and age of each dependent of a member of the police department who is then receiving benefits, the date on which the dependent commenced drawing benefits, and the date on which the dependent will cease to be a dependent by reason of attaining the age limit prescribed by this chapter, and the monthly and yearly amounts of the payments to which each of the dependents is entitled.

(c) After the amounts of receipts and disbursements shown in the itemized estimate are fixed and approved by the executive, fiscal officer, legislative body and other bodies, as provided by law for other municipal funds, the total receipts shall be deducted from the total expenditures stated in the itemized estimate, and the amount of the excess shall be paid by the police special service district in the same manner as other expenses of the district are paid. The legislative body shall levy a tax and the money derived from the levy shall, when collected, be credited exclusively to the 1953 fund. The tax shall be levied in the amount and at the rate that is necessary to produce sufficient revenue to equal the deficit. Notwithstanding any other law, neither the county board of tax adjustment nor the department of local government finance may reduce the tax levy.

As added by Acts 1982, P.L.77, SEC.9. Amended by P.L.90-2002, SEC.490; P.L.1-2003, SEC.101.

IC 36-8-7.5-11

Investments of local board

Sec. 11. (a) The local board shall determine how much of the 1953 fund may be safely invested and how much should be retained for the needs of the fund. The investment shall be made in interest bearing direct obligations of the United States, obligations or issues guaranteed by the United States, bonds of the state of Indiana or any political subdivision, or street, sewer, or other improvement bonds of the state of Indiana or any political subdivision. However, the local board may not invest in obligations issued by the consolidated city, the county, or any political subdivision in the county. Any securities shall be deposited with and remain in the custody of the treasurer of the local board, who shall collect the interest due on them as it becomes due and payable. The local board may sell any of the securities belonging to the 1953 fund and borrow money upon the securities as collateral whenever in the judgment of the local board this action is necessary to meet the cash requirements of the 1953 fund.

(b) The revenues derived from the tax levy authorized by section 10(c) of this chapter may not be invested but shall be used for the exclusive purpose of paying the pensions and benefits that the local board is obligated to pay. These revenues are in addition to all money derived from the income on the investments of the board.

(c) Investments under this section are subject to section 1.5 of this

chapter.

As added by Acts 1982, P.L.77, SEC.9. Amended by P.L.55-1989, SEC.58.

IC 36-8-7.5-12

Voluntary retirement pension; emergency services

Sec. 12. (a) Benefits paid under this section are subject to section 1.5 of this chapter.

(b) The 1953 fund shall be used to provide a member of the police department who retires from active duty after twenty (20) or more years of active duty an annual pension equal to fifty percent (50%) of the salary of a first class patrolman in the police department, plus:

(1) for a member who retires before January 1, 1986, two percent (2%) of the first class patrolman's salary for each year of service; or

(2) for a member who retires after December 31, 1985, one percent (1%) of the first class patrolman's salary for each six (6) months of service;

of the retired member over twenty (20) years. The pension may not exceed in any year an amount greater than seventy-four percent (74%) of the salary of a first class patrolman. The pensions shall be computed on an annual basis but shall be paid in twelve (12) equal monthly installments. If the salary of a first class patrolman is increased or decreased, the pension payable shall be proportionately increased or decreased.

(c) If a member retires upon his voluntary application after twenty (20) years or more of active service, he then relinquishes all rights to other benefits or pensions for disability during the time of his retirement.

(d) After retirement the member is not required to render further services on the police department and is no longer subject to the rules of the police department, unless a national emergency has been declared by the local board, on application by the executive, the safety board, and the police chief of the city. Upon declaration of such an emergency, the retired member, if physically able, shall return to active duty under the rank he attained at the time of his retirement, and if he refuses to return to active duty upon being declared physically fit, he forfeits his right to receive his pension until the time he returns to active duty and again is retired or discharged from service.

(e) No pension, annuity, or benefit provided by this chapter is payable by the local board except upon written application by the member of the police department, or the surviving spouse or other dependent, upon the forms and with the information required by the local board.

As added by Acts 1982, P.L.77, SEC.9. Amended by P.L.342-1985, SEC.4; P.L.55-1989, SEC.59.

disability and reinstatement; period of disability credited

Sec. 13. (a) For a member who becomes disabled before July 1, 2000, the 1953 fund shall be used to pay a pension in an annual sum equal to:

- (1) fifty percent (50%) for a disease or disability occurring before July 1, 1991; and
- (2) fifty-five percent (55%) for a disease or disability occurring after June 30, 1991;

of the salary of a first class patrolman in the police department, computed and payable as prescribed by section 12(b) of this chapter, to an active member of the police department who has been in active service for more than one (1) year and who has suffered or contracted a mental or physical disease or disability that render the member permanently unfit for active duty in the police department, or to an active member of the police department who has been in active service for less than one (1) year who has suffered or received personal injury from violent external causes while in the actual discharge of the member's duties as a police officer. The pensions provided for in this subsection shall be paid only so long as the member of the police department remains unfit for active duty in the police department.

(b) For a member who becomes disabled after June 30, 2000, the 1953 fund shall be used to pay a pension in an annual sum equal to fifty-five percent (55%) of the salary of a first class patrolman in the police department, computed on an annual basis and payable in twelve (12) equal monthly installments, to an active member of the police department who:

(1) has suffered or incurred a disability that renders the member permanently unfit for active duty in the police department and that is:

(A) the direct result of:

- (i) there is a connection between the conditions under which the fund member's duties are performed and the disease;
- (ii) the disease can be seen to have followed as a natural incident of the fund member's duties as a result of the

exposure occasioned by the nature of the fund member's duties; and

(iii) the disease can be traced to the fund member's employment as the proximate cause); or

(C) a disability presumed incurred in the line of duty under IC 5-10-13; and

If the salary of a first class patrolman is increased or decreased, the pension payable shall be proportionately increased or decreased. However, the monthly pension payable to a member or survivor may not be reduced below the amount of the first full monthly pension received by that person.

(c) For a member who becomes disabled after June 30, 2000, the 1953 fund shall be used to pay a pension in an annual sum equal to fifty-five percent (55%) of the salary of a first class patrolman in the police department, computed on an annual basis and payable in twelve (12) equal monthly installments, to an active member of the police department who has been in active service for at least one (1) year and:

(1) has suffered or incurred a disability that:

(A) renders the member permanently unfit for active duty in the police department; and

(B) is not described in subsection (b)(1); and

(2) is unable to perform the essential functions of the job, considering reasonable accommodation to the extent required by the Americans with Disabilities Act.

The pension provided in this subsection shall be paid only so long as the member of the police department remains unfit for active duty in the police department. (d) For a member who became disabled before July 1, 2000, the 1953 fund shall be used to pay temporary benefits in an annual sum equal to thirty percent (30%) of the salary of a first class patrolman in the police department, computed and payable as prescribed by section 12(a) of this chapter, to an active member of the police department who has been in active service for more than one (1) year and who has suffered any physical or mental disability that renders the member temporarily or permanently unable to perform his duties as a member of the police department, or to an active member of the police department who has been in active service for less than one (1) year and who has suffered or received personal injury from violent external causes while in the actual discharge of the member's duties as a police officer, until the time the member is physically and

mentally able to return to active service on the police department.

(e) For a member who becomes disabled after June 30, 2000, the 1953 fund shall be used to pay a pension in an annual sum equal to thirty percent (30%) of the salary of a first class patrolman in the police department, computed on an annual basis and payable in twelve (12) equal monthly installments, to an active member of the police department who:

(1) suffers or incurs a disability that renders the member temporarily unfit for active duty in the police department and that is:

(B) a duty related disease (for purposes of this section, a "duty related disease" means a disease arising out of the fund member's employment; a disease is considered to arise out of the fund member's employment if it is apparent to the rational mind, upon consideration of all of the circumstances, that:

(i) there is a connection between the conditions under which the fund member's duties are performed and the disease;

(ii) the disease can be seen to have followed as a natural incident of the fund member's duties as a result of the exposure occasioned by the nature of the fund member's duties; and

(iii) the disease can be traced to the fund member's employment as the proximate cause); or

(C) a disability presumed incurred in the line of duty under IC 5-10-13; and

(2) is unable to perform the essential functions of the job, considering reasonable accommodation to the extent required by the Americans with Disabilities Act.

The pension provided in this subsection shall be paid only so long as the member of the police department remains unfit for active duty in the police department. If the salary of a first class patrolman is increased or decreased, the pension payable shall be proportionately increased or decreased. However, the monthly pension payable to a member or survivor may not be reduced below the amount of the first full monthly pension received by that person.

(f) For a member who becomes disabled after June 30, 2000, the 1953 fund shall be used to pay temporary benefits in an annual sum equal to thirty percent (30%) of the salary of a first class patrolman in the police department, computed on an annual basis and payable

in twelve (12) equal monthly installments, to an active member of the police department:

- (1) who has been in active service for at least one (1) year;
- (2) suffers or incurs a disability that:
 - (A) renders the member temporarily unfit for active duty in the police department; and
 - (B) is not described in subsection (e)(1); and
- (3) is unable to perform the essential functions of the job, considering reasonable accommodation to the extent required by the Americans with Disabilities Act.

The pension provided for in this subsection shall be paid only so long as the member of the police department remains unfit for active duty in the police department. If the salary of a first class patrolman is increased or decreased, the pension payable shall be proportionately increased or decreased. However, the monthly pension payable to a member or survivor may not be reduced below the amount of the first full monthly pension received by that person.

(g) If an application is made by an active member of the police department because of physical or mental disability for temporary benefits as provided in subsection (d), (e), or (f), the benefit is not payable until the local board determines after a hearing conducted under IC 36-8-8-12.7 that the member is unfit for active duty on the police department, considering reasonable accommodation to the extent required by the Americans with Disabilities Act. Before the hearing, a physician to be appointed by the local board shall examine the member and certify in writing whether in the physician's opinion the member is unfit, physically or mentally, for active duty in the police department. After the pension or benefit has been granted by the local board, the payment commences with the original date of the injury or illness causing the disability.

(h) A member who has been granted a disability benefit under this section and who fails or refuses to submit to a physical examination at any time by the local board physician has no right in the future to receive the disability benefit, and any benefit that has been granted shall be immediately canceled by the local board.

(i) The local board may, from time to time, require a member of the police department who is receiving at any time disability benefits or pensions as provided in this section to be examined by the physician appointed by the local board. After the examination, the local board shall conduct a hearing under IC 36-8-8-12.7 to determine whether the disability still exists and whether the member should continue to receive the pension or benefit. If after the examination and hearing the member is found to have recovered from the member's disability and is fit for active duty on the police department, then upon written notice to the member by the local board, the member shall be reinstated in active service, the safety board shall be informed of the action of the local board, and from that time the member is no longer entitled to payments from the 1953 fund. If the member fails or refuses to return to active duty after ordered by the local board, the member ceases to be a member of the

1953 fund and waives all rights to any further pensions or benefits provided by the 1953 fund.

(j) Notwithstanding any other provision of this chapter, no disability benefit may be paid for any disability based upon or caused by any mental or physical condition that a member had at the time the member entered or reentered the member's active service in the police department.

(k) If a member who is receiving disability benefits under subsection (a), (b), or (c) for a disease or disability occurring after June 30, 1991, is transferred from disability to regular retirement status, the member's monthly pension may not be reduced below fifty-five percent (55%) of the salary of a first class patrolman at the time of payment of the pension.

(l) To the extent required by the Americans with Disabilities Act, the transcripts, reports, records, and other material compiled to determine the existence of a disability shall be:

- (1) kept in separate medical files for each member; and
- (2) treated as confidential medical records.

(m) A fund member who is receiving disability benefits under this chapter shall be transferred from disability to regular retirement status when the member becomes fifty-five (55) years of age.

Determination whether disability in line of duty

Sec. 13.2. (a) If a local board determines that a fund member has a temporary or a permanent disability, the local board shall also make a recommendation to the 1977 fund advisory committee concerning whether the disability is:

- (1) a disability in the line of duty (as described in section 13(b)(1) of this chapter); or
- (2) a disability not in the line of duty (a disability other than a disability described in section 13(b)(1) of this chapter).

The local board shall forward its recommendation to the 1977 fund advisory committee.

(b) The 1977 fund advisory committee shall review the local board's recommendation not later than forty-five (45) days after receiving the recommendation and shall then issue an initial determination of whether the disability is in the line of duty or not in the line of duty. The 1977 fund advisory committee shall notify the local board, the safety board, and the fund member of its initial determination.

(c) The fund member, the safety board, or the local board may object in writing to the 1977 fund advisory committee's initial determination under subsection (b) not later than fifteen (15) days after the initial determination is issued. If a written objection is not filed, the 1977 fund advisory committee's initial determination becomes final. If a timely written objection is filed, the 1977 fund

advisory committee shall issue a final determination after a hearing. The final determination must be issued not later than one hundred eighty (180) days after the date of receipt of the local board's recommendation.

IC 36-8-7.5-13.6

Members dying other than in line of duty

Sec. 13.6. (a) This section applies to an active or retired member who dies other than in the line of duty (as defined in section 14.1 of this chapter).

(b) The 1953 fund shall be used to pay an annuity, computed under subsection (g) and payable in monthly installments, to the surviving spouse of a member of the fund who dies from any cause after having served for one (1) year or more. The annuity continues during the life of the surviving spouse unless the spouse remarried before September 1, 1983. If the spouse remarried before September 1, 1983, benefits ceased on the date of remarriage. If a member of the fund died, but not in the line of duty, and the member's surviving spouse remarried before September 1, 1983, the benefits of the surviving spouse shall be reinstated on July 1, 1997, and continue during the life of the surviving spouse.

(c) The 1953 fund shall also be used to pay an annuity equal to twenty percent (20%) of the salary of a first class patrolman on the police department, computed as provided in section 12(b) of this chapter and payable in monthly installments, to each dependent child of a member of the fund who dies from any cause after having served for one (1) year or more as an active member of the police department. The pension to each child continues:

- (1) until the child becomes eighteen (18) years of age;
- (2) until the child becomes twenty-three (23) years of age if the child is enrolled in and regularly attending a secondary school or is a full-time student at an accredited college or university;
- or
- (3) during the entire period of the child's physical or mental disability;

whichever period is longest. However, the pension to the child ceases if the child marries or is legally adopted by any person.

(d) If a deceased member leaves no surviving spouse and no child who qualifies for a benefit under subsection (c) but does leave a dependent parent or parents, the 1953 fund is used to pay an annuity not greater than a sum equal to twenty percent (20%) of the salary of a first class patrolman on the police department, computed and payable as provided in section 12(b) of this chapter, payable monthly to the dependent parent or parents of a member of the police department who dies from any cause after having served for one (1) year or more as an active member of the police department. The annuity continues for the remainder of the life or lives of the parent or parents as long as either or both fail to have sufficient other income for their proper care, maintenance, and support.

(e) In all cases of payment to a dependent relative of a deceased member, the local board is the final judge of the question of necessity and dependency and of the amount within the stated limits to be paid. The local board may also reduce or terminate temporarily or permanently a payment to a dependent relative of a deceased member when it determines that the condition of the 1953 fund or other circumstances make this action necessary.

(f) If the salary of a first class patrolman is increased or decreased, the pension payable under this section shall be proportionately increased or decreased. However, the monthly pension payable to a member or survivor may not be reduced below the amount of the first full monthly pension received by that person.

(g) Except as otherwise provided in this subsection, the annuity payable under subsection (b) equals one (1) of the following:

(1) For the surviving spouse of a member who dies before January 1, 1989, thirty percent (30%) of the salary of a first class patrolman.

(2) For the surviving spouse of a member who dies after December 31, 1988, an amount per month during the spouse's life equal to the greater of:

(A) thirty percent (30%) of the monthly pay of a first class patrolman; or

(B) fifty-five percent (55%) of the monthly benefit the deceased member was receiving or was entitled to receive on the date of the member's death.

However, if the deceased member was not entitled to a benefit because the member had not completed twenty (20) years of service, for the purposes of computing the amount under subdivision (2)(B) the member's benefit is considered to be fifty percent (50%) of the monthly salary of a first class patrolman. The amount provided in this subdivision is subject to adjustment as provided in subsection (f).

IC 36-8-7.5-13.7

Members dying in line of duty before September 1, 1982

Sec. 13.7. (a) This section applies to a member who died in the line of duty (as defined in section 14.1 of this chapter) before September 1, 1982.

(b) The 1953 fund shall be used to pay an annuity, computed under subsection (g) and payable in monthly installments, to the surviving spouse of a member. The annuity continues during the life of the surviving spouse unless the spouse remarried before September 1, 1983. If the spouse remarried before September 1, 1983, benefits ceased on the date of remarriage. If a member of the fund died, but not in the line of duty, and the member's surviving spouse remarried before September 1, 1983, the benefits of the surviving spouse shall be reinstated on July 1, 1997, and continue during the life of the surviving spouse.

(c) The 1953 fund shall also be used to pay an annuity equal to twenty percent (20%) of the salary of a first class patrolman on the police department, computed as provided in section 12(b) of this chapter and payable in monthly installments, to each dependent child of a member of the fund who dies from any cause while in the actual discharge of duties as a police officer. The pension to each child continues:

- (1) until the child becomes eighteen (18) years of age;
- (2) until the child becomes twenty-three (23) years of age if the child is enrolled in and regularly attending a secondary school or is a full-time student at an accredited college or university;
- or
- (3) during the entire period of the child's physical or mental disability;

whichever period is longest. However, the pension to the child ceases if the child marries or is legally adopted by any person.

(d) If a deceased member leaves no surviving spouse and no child who qualifies for a benefit under subsection (c) but does leave a dependent parent or parents, the 1953 fund shall be used to pay an annuity not greater than a sum equal to twenty percent (20%) of the salary of a first class patrolman on the police department, computed and payable as provided in section 12(b) of this chapter, payable monthly to the dependent parent or parents of a member of the police department. The annuity continues for the remainder of the life or lives of the parent or parents as long as either or both fail to have sufficient other income for their proper care, maintenance, and support.

(e) In all cases of payment to a dependent relative of a deceased member, the local board is the final judge of the question of necessity and dependency and of the amount within the stated limits to be paid. The local board may also reduce or terminate temporarily or permanently a payment to a dependent relative of a deceased member when it determines that the condition of the 1953 fund or other circumstances make this action necessary.

(f) If the salary of a first class patrolman is increased or decreased, the pension payable under this section shall be proportionately increased or decreased. However, the monthly pension payable to a member or survivor may not be reduced below the amount of the first full monthly pension received by that person.

(g) The annuity payable under subsection (b) equals thirty percent (30%) of the salary of a first class patrolman. The amount provided in this subsection is subject to adjustment as provided in subsection (f).

(h) The unit of local government that employed the deceased member shall after December 31, 2003, offer to provide and pay for health insurance coverage for the member's surviving spouse and for each natural child, stepchild, or adopted child of the member:

- (1) until the child becomes eighteen (18) years of age;
- (2) until the child becomes twenty-three (23) years of age if the child is enrolled in and regularly attending a secondary school

or is a full-time student at an accredited college or university;
or

(3) during the entire period of the child's physical or mental disability;

whichever period is longest. If health insurance coverage is offered by the unit to active members, the health insurance provided to a surviving spouse and child under this subsection must be equal in coverage to that offered to active members. The offer to provide and pay for health insurance coverage shall remain open for as long as there is a surviving spouse or as long as a natural child, stepchild, or adopted child of the member is eligible for coverage under subdivision (1), (2), or (3).

(1) dies from any cause after having served for one (1) year or more as an active member of the police department; or

(2) dies from any cause while in the actual discharge of his duties as a police officer after having served less than one (1) year as an active member of the police department;

Members dying in line of duty after August 31, 1982

Sec. 14.1. (a) This section applies to an active member who dies in the line of duty after August 31, 1982.

(b) If a member dies in the line of duty after August 31, 1982, the surviving spouse is entitled to a monthly benefit, during the spouse's lifetime, equal to the benefit to which the member would have been entitled on the date of the member's death, but not less than fifty percent (50%) of the monthly wage received by a first class patrolman. If the spouse remarried before September 1, 1983, benefits ceased on the date of remarriage. However, if a member of the police department dies in the line of duty after August 31, 1982, and the member's surviving spouse remarried before September 1, 1983, the benefits for the surviving spouse shall be reinstated on July 1, 1995, and continue during the life of the surviving spouse.

(c) The 1953 fund shall also be used to pay an annuity equal to twenty percent (20%) of the salary of a first class patrolman on the police department, computed as provided in section 12(b) of this chapter and payable in monthly installments, to each dependent child of a member of the fund who dies from any cause while in the actual discharge of duties as a police officer. The pension to each child continues:

- (1) until the child becomes eighteen (18) years of age;
- (2) until the child becomes twenty-three (23) years of age if the child is enrolled in and regularly attending a secondary school or is a full-time student at an accredited college or university;
- or
- (3) during the entire period of the child's physical or mental disability;

whichever period is longest. However, the pension to the child ceases if the child marries or is legally adopted by any person.

(d) The surviving children of the deceased member who are eligible to receive a benefit under subsection (c) may receive an additional benefit in an amount fixed by ordinance, but the total benefit to all the member's children under this subsection may not exceed a total of thirty percent (30%) of the monthly wage received by a first class patrolman. However, this limitation does not apply to the children of a member who are physically or mentally disabled.

(e) If a deceased member leaves no surviving spouse and no child who qualifies for a benefit under subsection (c) but does leave a dependent parent or parents, the 1953 fund shall be used to pay an annuity not greater than a sum equal to twenty percent (20%) of the salary of a first class patrolman on the police department, computed and payable as provided in section 12(b) of this chapter, payable monthly to the dependent parent or parents of a member of the police department who dies from any cause while in the actual discharge of duties as a police officer. The annuity continues for the remainder of the life or lives of the parent or parents as long as either or both fail

to have sufficient other income for their proper care, maintenance, and support.

(f) In all cases of payment to a dependent relative of a deceased member, the local board is the final judge of the question of necessity and dependency and of the amount within the stated limits to be paid. The local board may also reduce or terminate temporarily or permanently a payment to a dependent relative of a deceased member when it determines that the condition of the 1953 fund or other circumstances make this action necessary.

(g) If the salary of a first class patrolman is increased or decreased, the pension payable under this section shall be proportionately increased or decreased. However, the monthly pension payable to a member or survivor may not be reduced below the amount of the first full monthly pension received by that person.

(h) For purposes of this section, "dies in the line of duty" means death that occurs as a direct result of personal injury or illness caused by incident, accident, or violence that results from any action that the member, in the member's capacity as a police officer:

- (1) is obligated or authorized by rule, regulation, condition of employment or service, or law to perform; or
- (2) performs in the course of controlling or reducing crime or enforcing the criminal law.

The term includes a death presumed incurred in the line of duty under IC 5-10-13.

(i) The unit of local government that employed the deceased member shall after December 31, 2003, offer to provide and pay for health insurance coverage for the member's surviving spouse and for each natural child, stepchild, or adopted child of the member:

- (1) until the child becomes eighteen (18) years of age;
- (2) until the child becomes twenty-three (23) years of age if the child is enrolled in and regularly attending a secondary school or is a full-time student at an accredited college or university; or
- (3) during the entire period of the child's physical or mental disability;

whichever period is longest. If health insurance coverage is offered by the unit to active members, the health insurance provided to a surviving spouse and child under this subsection must be equal in coverage to that offered to active members. The offer to provide and pay for health insurance coverage shall remain open for as long as there is a surviving spouse or as long as a natural child, stepchild, or adopted child of the member is eligible for coverage under subdivision (1), (2), or (3).

(b) The 1953 fund shall be used to pay an amount equal to the pensions, annuities, and benefits provided by this chapter in the case of retirement after twenty (20) years service, to a member of the police department and to the dependents of a member, if the member is dismissed from service for any reason other than conviction of a felony after having been in actual service for twenty (20) years. Sec. 17. (a) If benefits are payable to a dependent child under eighteen (18) years of age or to a person adjudged mentally incompetent, the local board may, when it is to the apparent interest of the dependent child or incompetent person, waive guardianship proceedings and pay the benefit directly to the person providing for and caring for the dependent child, and to the spouse, parent, or blood relative providing for and caring for the incompetent person. The local board may, if it finds it in the best interest of any dependent child, pay any benefits due to the dependent child directly to such child regardless of any other law.

(b) A member is not entitled to receive the benefits of this chapter until the member's payments are paid in full, unless the member has suffered permanent disability or death from any cause while in actual discharge of duties as a police officer. If the member dies before the required payments are made, the surviving spouse or other dependents shall pay any balance due and are then entitled to pension benefits.

After the hearing the board shall decide whether the application shall be granted or denied.
